Church Leadership Tele-Coaching With Bob Franquiz

Church Leadership Coaching is a 6-month network that focuses on the areas that Senior Pastors must grow in to lead growing churches. It has been said, “growing churches are led by growing leaders.” That means, if we want our churches to keep growing and reaching people, we must continue to grow as leaders. That’s why Church Leadership Coaching is perfectly suited to help leaders grow in their calling and skills as a Senior Pastor – it was designed for Senior Pastors by a Senior Pastor!

The Process:

The coaching process consists of six (6) coaching sessions by phone (2 hours each).

Session One: The Personal Development of the Senior Pastor – In this session we will cover the 5 major areas of personal development in the life of the Senior Pastor:

1. Goal Setting
2. Time Management
3. Developing a personal development Plan
4. How to lead yourself
5. The Lifestyle of the Senior Pastor

Session Two: Church Governance – In this session we will cover the 4 most important aspects for effective church governance:

1. Church Bylaws
2. Board of Directors
3. Leadership Structure
4. Biblical Accountability

Session Three: Developing other Leaders – In this session we will discuss the most neglected factors in church life – the development of leaders. Here we will discuss the 4 stages of leadership development and how to help people move from one level to the next.

Session Four: Building an Effective Staff – In this session we will explore the ins and outs of staffing. We will talk about the role of the Senior Pastor in the hiring process, managing staff, and releasing underperforming staff members. We will also talk about best practices for salary, severance and staff reviews.

Session Five: Preaching for Life Change – In this session we will talk about one of the most important aspects of church life – preaching. This coaching session will focus on both the delivery of the message and the preparation of the messenger. We will also look at the role of the calendar in planning our preaching.

Session Six: Advanced Outreach Strategies – In this session we will talk frankly about how to use the tools available to use to effectively reach our communities. We will discuss the different facets of outreach and how to utilize all of them to maximize our effectiveness.

Note – In addition to the training, we will also be answering your pressure points and questions that come up through the course of this network.

In order to be eligible, you must agree to the following without exception.
